## INSTITUTE OF FUNDAMENTAL MEDICINE AND BIOLOGY (IFMB)

University, medicine and biology in Kazan were born at the same time. In 1804, Emperor Alexander I issued a Decree establishing the Kazan Imperial University. Among the first departments were the Department of Anatomy, Physiology and Forensic Science, and the Department of Natural History and Botany.

IFMB is one of the most dynamically developing institutes of KFU, which includes more than 60 departments (departments, research laboratories, a clinical base in the Republican Clinical Hospital No. 2, museums, a botanical garden and much more).

The special pride for the university is a unique world-class simulation medicine center has been built at the IFMB, including a hospital model, a dental phantom class and an engineering center for creating simulators.

A virtual hospital has been created on an area of 400 square meters, where there are wards of various kinds - emergency rooms, an endoscopy room, virtual operating room, virtual intensive care, maternity ward, pediatrics ward, and children's intensive care unit.

Benefits for students from Simulation center :

- Model of real hospital
- Medical robots of human bodies (newborn, child, man, pregnant woman)
- The skills to care for the sick
- First aid training
- Training of simple and complex practical skills before treatment of real patients
- Team working

Simulators are designed to work out the actions of a full team of doctors. It is in a simulation training center on models in virtual reality with the help of special computer devices that certain medical skills are worked out.

At this time, practical skills are being developed in a virtual hospital.

## IFMB IS A PLACE WHERE

**IFMB** is a place where everyone knows what a Petri dish, eppendorf and streptococcus are.

**IFMB** is a place where everyone will say how a fluorescence microscope differs from an epifluorescence one.

**IFMB** is a place where you can find a white coat in each student's bag (and not one!)

**IFMB** is a place where everyone has some expressed talent. And this talent is manifested not only in laboratory practices, but also in the participation and implementation of cultural, sports, intellectual, socially significant and social projects of various levels.

# KFU DORMITORIES

Universiade Village is a student campus. It was built for the Summer Universiade in 2013.

The Universiade Village is a whole world of unforgettable student life, it is not for nothing that it is called "city in city". The atmosphere of the Village is incomparable, perhaps, with no other student campus.

Inside this campus is very warm and comfortable, cleanliness and order reign everywhere. And despite the fact that now more than 9,000 people live here, almost everyone knows each other and is happy to communicate. The village can easily be called international, because it hosted children from more than 100 countries of the world.

"The best student campus in Russia" - the title that the Village was awarded.

## DORMITORIES IN KFU:

TOTAL DORMITORIES: 13250 including 7454 places in the Universiade Village

### DORMITORIES IN UNIVERSIADE VILLAGE:

Total – 7 454 places

Single-seater room – 1 500

Two seater room – 700

Three seater room – 1 518

Dormitories rooms are designed for two to four people. All rooms are equipped with air conditioning, sensors that respond to smoke and radio to alert residents.

The kitchen in the corridor is designed for three or four rooms and there is literally everything you need for cooking (refrigerator, electric stove).

And, of course, hostels is a separate bathroom and shower in each room.

In general, KFU did everything for your convenience, just study!
